Times at Outward Bound

Life at Outward Bound started out fun. I felt that I was prepared physically, mentally, and spiritually. During this experience I learned I was only prepared spiritually. The new things that I learned on my trip where hard theories to grasp, and because of that it caused me and my group members to suffer. When one person lacked in this group we all fell short; we had longer nights, we got less sleep, and we did not eat on time. But because I was strong spiritually I was able to hold my group together and get through the night, day, and weeks.

When I picked the trip I wanted to go on

with Outward Bound sailing was my first choice because I knew that I would now be hiking and caring my backpack. I did not know I had other thing to be worried about. After the first full day of sailing eating, and sleeping on the boat I started to become sea sick. I never thought that I would get sea sick. This was a big set back for me, because I could not eat or help my group as much as I wanted. I felt that I was holding my group back. I noticed that I could work through the pain. Every day during dinner I prayed to God and asked him to give me the strength to get to the next day and

to protect me during the night.

This was a great experience for me because it pushed me past my comfort zone. It made me grow more that I thought I would on a three week sailing course. I think that this course made me a better person. It is just what I needed to get to the next level spiritually.

A thought from a youth leader

I am very excited for what God has in store for the youth Ministry. Lately the Youth have been working on painting out new youth room, SO far it looks amazing. Since the summer we have been joining other youths at Faith Gen-

eration, in New Jersey. It is a blessing to see how God has made an impact on the youth there, and they continue to grow. I know that will be us very soon. I believe that ALFCC Youth will be even bigger, but we need

to remain focused on ministering to others. In doing so, God will give us an overflow.

VELOCITY NEW GENERATION YOUTH MINISTRY

Dear Parents of AFLCC Velocity Youth Ministry

Just a note to say thank for for allowing your child to take part in the Velocity Youth Ministry. We are excited to have them and will be sure to impart Godly wisdom and will provide appropriate activities for them to take part in. Our wonderful Pastors, Robert and Regina Randolph – Davis have a vision for this ministry and it **WILL** be carried out. We are planning to make a tremendous impact in the region. We must remain diligent in raising our children according to God's plan. This is a critical time in their lives, and ALFCC is dedicated to expose them to God greatness with the intent on shaping

their lives to draw closer to God as well as their friends. "Each one, Reach One."

The Youth Room is completely painted, now on to the décor!!! Our youth came out and worked hard on beautifying their room. They picked the colors and will continue to make their room their home. Please support our Youths Efforts, Love offerings are being accepted. Please see me for more information.

In the very near future Velocity Youth will be having various fund raisers to offset cost for our annual Battle Cry trip which will be in the April 2011. Bro. Trey will be overseeing development of a Cookbook. Stay tuned. More detailed information will be forthcoming.

I thank you for your time and confidence that you have bestowed upon us. Should there be any questions/ concerns, and or suggestions please do not hesitate to contact either myself or Assistant Director Minister William Boyer for assistance. May God bless you and we sincerely thank you!!!

My Vision Statement

My Testimony (The short version)

I am a witness to God's mercy and grace. I can attest to the Lord bringing me out of situations and also placing me in some.

The Lord has been with me threw the bad things I've done in my life as well as good ones, for example I was in my senior year of high school.

Ready to graduate and further pursue my dreams. My plan was to graduate and then go to my school which was in Florida. Instead the devil got the best of me, I got distracted and I was arrested. On state road i spent 58 days in jail. In those 58 days I had to trust God, and

only God. Everyday was something different. Everyday something would try to take my attention off of God and him speaking to me, but when He did, He gave me insight on people I called friends, and people who aren't who they truly say they are. He gave me insight on who I am, and what he needs me to do in the earth before I leave. God in his most loving way, Got my attention. When I was finally released from jail, my life changed and the way I viewed the world changed. Instead of me being in the mist of darkness, I was now a light, to help and to encourage those around me. Cur-

rently God is blessing my life with a job, happiness, fullness from my head to my toes, my family's health, loyalty with my truest friends, and my talent. I truly have everything I was searching for in the world. God has blessed me with much and it has nothing to do with me, It is all him. I am currently believing God on going to Full Sail University in the Fall of 2010, Someway It will all come to pass and I will get to Florida.

A trip to Hell, Real Talk!!!

A trip to Hell, Real Talk!!

On October 29, 2010 Velocity Youth enjoyed a theatrical play called at Trip to Hell. It was a truly powerful experience. It showed four different lives that were different but yet the same (they all rejected Christ in some way).

It focused on choices are made in our

lives in which Jesus was rejected and the consequences for doing so. My God it was powerful!! I pray that next years event will *triple* in attendance. There was over 100 individuals that received Christ as their savior.

Now that's what its all about.
